

objections and concerns and see whether or not there is anything that we, as a committee, failed to discuss, or anything we missed when we came up with this compromise. And that's the purpose for it, and I would expect to do that within the next seven days, and come back in and see where we're at. I would appreciate the body's indulgence in doing that. Again, this is not a kill effort on our part, but an effort to seek out a little bit more information and make sure that we're on the right track here. I would appreciate your support for the one week bracket.

SPEAKER WITHEM: Thank you, Senator Bromm. There are lights on, on the bracket motion. Senator Haberman.

SENATOR HABERMAN: Mr. President, members of the body, I'm going to support the bracket motion. I'd like to make a few remarks. We heard from that esteemed, honest, sincere, liver-lipped Senator Hall. He got up and expounded on Mr. Mahoney. He said that resources are underfunded and underserved as they went to the foundation, and the foundation spent money throughout the State of Nebraska. This is not true, they spent money on Mahoney State Park. Then we have Senator Chambers over here, in all his wisdom, his glory, he says this is the urban-rural split bill. To me it isn't an urban-rural split bill. Senator Chambers is trying to get this body to go "grrrh" at each other. That's not true, Senator Chambers. This isn't an urban and rural split. I don't think you are doing the right thing when you stand up and say, by golly, this is an urban and rural split bill, just to go "wha, wha, wha, wha". I don't think that's right because it is not an rurban-ural (sic) split bill, urban-rural split bill. Senator Rasmussen, do you want to say that again? I didn't hear you. Thank you, Mr. President.

SPEAKER WITHEM: Thank you, Senator Haberman. Just for information of the body, there are three bills that are on Select File under Item 6 that do not have amendments filed at this time. It would be my intention to take votes upon all of those immediately preceding adjournment. If there are people that have some concerns about some of those bills, they need to be aware of that. Those bills are LB 381, LB 501, LB 511, 381, 501, and 511. With that, Senator Beutler, you are recognized.

SENATOR BEUTLER: Mr. Speaker, members of the Legislature, Senator Bromm asked if the Natural Resources Committee could meet with the people who are interested in this one more time,
